## RECENT PROJECTS

### NetskillsMatch

Netskillsmatch acts as an online resume for graduates and a recruitment portal for Netcampus admins, it allows Graduates to register an account, manage their details and apply for Learnerships or Internships available at Netcampus. It also has an admin portal where the admin can view all registered user and the details to select for Learnership/Internship programs.

Languages: HTML, CSS, PHP and JavaScript

Database: MySQL

Status: Currently under development

Link: <https://netskillsmatch.com/>

### Cocktail Bar Online Store

This is a website template I designed for a hair salon

Languages: HTML, CSS and JavaScript

Status: Complete

Link: <https://nonhlemya.github.io/MySalon/>

### A salon website template
